BICYCLE & HELMET INSPECTION FORM

FOR Y RIDERS CAMPS & YMCA CAMP TUMBLESON LAKE

All campers must have this bicycle inspection form completed by a bicycle mechanic. In order to ensure participant safety, bicycles need to be properly tuned and in good working order. Most bike shops will perform this inspection for free as well as helmet checks.

During Learn to Ride camps, kids begin with pedals off. You may want to have this done when you get your bike inspection.

Camp Tumbleson Lake has bicycles available if you cannot, or do not wish to, bring your own bicycle to camp.

Participant's Name _____ Date _____

Please check the following:

- | | | |
|--------------------------------------|--|---------------------------------------|
| <input type="checkbox"/> Proper Fit | <input type="checkbox"/> Gears / Derailleurs / Chain | <input type="checkbox"/> Hubs (Cones) |
| <input type="checkbox"/> Brakes | <input type="checkbox"/> Headset | <input type="checkbox"/> Cables |
| <input type="checkbox"/> Wheels True | <input type="checkbox"/> Tires | <input type="checkbox"/> Helmet Fit |

Notes

I certify that I have inspected the participant's bicycle, and it is in proper working condition and fits the rider adequately.
