FAQs

Have questions about donating to the Y? Here are a few of our donors' most frequently asked questions:

How will my donation be used?

A. Donations are used to provide help for children who would otherwise not be able to participate in YMCA programs, including preschool or infant care, school-age childcare, sports, summer camp and swimming. Donations also ensure that adults and seniors have access to vital Y programs, including MS and Parkinson's fitness classes and Livestrong at the Y, a wellness program for cancer survivors.

Will my donation be tax deductible?

A. Yes! The Y is a charitable organization under Section 501(c)(3) of the Internal Revenue Code. Gifts to the Y are tax deductible to the extent allowed by law. In Colorado, your Y donation may qualify for the Colorado Child Care Contribution Tax Credit, a 50% state income tax credit for donations to qualifying licensed childcare organizations.

I'm a Y member; doesn't my membership fee already pay for these programs?

A. We are happy that you are a member, and your membership is important to us. However, membership fees are used to cover the basic costs of operating our programs and facilities and are not high enough to cover the additional costs of scholarships or subsidizing those programs that need it. Consider your membership something you do for you; your donation something you do for others.
